INTRODUCING THE FLOW ZINC TOP TABLE COLLECTION

The Zinc top is based on the teak flow table, but instead of Teak slats, the top is a thin layer of aluminum covered in zinc. These pieces are 100% recycled. Important to note, is that we plan to keep an inventory of these pieces, and will be available beginning of May. The rectangular table comes in an eight seater and ten seater.

INTRODUCING THE MARIPOSA NATALIA LOUNGE CHAIR AND FLOW TEAK TOP COFFEE TABLE

The Mariposa Natalia Lounge Chair is made at such a perfect pitch that it means no back pillow is needed. Both the lounge chair and Flow Teak Coffee Table are made from FSC certified plantation teak wood.
